

All Dycos Sunkote retail paint stores are closed. Below is the original color of paint for your unit. The attached units (Duplex/Villas) must match paint color.

PAINT • PAINT • PAINT • PAINT

Here we go again. Back by popular demand, the Sunkote paint listing for each unit's required paint color. (Sunkote has this same complete listing at the store.) Please let us know if you feel there are any discrepancies. There are 7 basic models/color combinations. Some units are currently painted with none of these combinations, but there is a method to identify what the original color was, and the correct color is listed. Some homes are painted in one of the color combos used by the builder, but not the original color for the unit. Milk Chocolate and Pilgram Red are the 2 most difficult to distinguish once faded. Those of you whose units are currently incorrect will need to correct the problem eventually. Keep in mind, units must be repainted in the builder's original scheme per our bylaws. Sunkote is pleased to

MODEL 1 UNITS

The key goes like this:
The Primary Color is
the base of your home.
The Accent Color
is your trim.
Lots try to get them corrected.
